Attachments:	Franklin (35-01) LFG Pre-Con Plan (8_21_14) App C Removed.pdf

---

Hi,
Per your request I've attached the "Pre-Con Plan" with the two references to Appendix C removed.
The seven probes will now be installed and an "As-Built Plan" (This plan revised with details of how actually constructed such as well logs & revised figures with surveyed probe locations) will be submitted later.
Thanks,
Jonathan

> Hi,
>
> This is the "pre-construction" plan proposed to the SWS before probe construction. The probes have yet to be installed so completion logs do not exist yet. Once this "pre-con" plan is approved the probes will be installed and logs will be submitted in App C of the "As-Built" Plan. I plan to simply remove the two references to App C & resubmit tomorrow at noon so if you request any additional revisions please let me know by then.

In the Table of Contents, Appendix C is listed as *Landfill Gas Monitoring Probe Completion Logs.* There is no Appendix C included in your Landfill Gas Monitoring Plan. Can you please clarify and revise?

Subject: Franklin Landfill (35-01) LFG "Pre-Construction" Plan

Dear Ms. Ritter,

Attached is the *LFG Monitoring Plan* for the Franklin County Landfill (35-01).
This is the proposed "Pre-Construction" Plan submitted for SWS approval that we discussed in our meeting on 8/4/14.
For your convenience I've also included a higher resolution copy of Figure 1 and will gladly mail you a hard copy upon request.
If you have any questions or need anything additional simply ask anytime.
Following SWS approval of a plan Franklin County intends on installing the probes and initiate monitoring.

Thanks,
Jonathan
