Ref: Notice of Geotechnical Investigative Work
Davidson River Dump | ID# NONCD0000591
Pisgah Forest, Transylvania County

Dear Ms. Faries:

Please note that our contract firm is scheduled to conduct geotechnical investigative work on April 11-12, 2016. This work will include detailed surveying of select areas and collect information about the physical properties of the subsurface materials, which will be used to design the remedy for this site.

Please contact me at 919-707-8331 or Thomas.Slusser@ncdenr.gov if you have any questions.

Best Regards,

Thomas Slusser

Dear Mr. and Mrs. Griffin:

Please note that our contract firm is scheduled to conduct geotechnical investigative work on April 11-12, 2016. This work will include detailed surveying of select areas and collect information about the physical properties of the subsurface materials, which will be used to design the remedy for this site.

This work will also include the wetlands assessment for which I asked for your permission in a letter dated March 4, 2016. I have received permission from the Starnes family, who own the adjoining property, but to date I have not received permission from you. I am enclosing the information I previously sent in case you need it. I am happy to discuss this or any other issues with you if you would like.

Please contact me at 919-707-8331 or Thomas.Slusser@ncdenr.gov if you have any questions.

Best Regards,

Thomas Slusser

RE: Access for the U.S. Army Corps of Engineers
Poplar Lane | PIN: 8596-76-8315-000
Davidson River Dump | ID# NONCD0000591
Pisgah Forest, Transylvania County

Dear Mr. and Mrs. Griffin:

As you are aware, the Pre-Regulatory Landfill Unit (Unit) within the Inactive Hazardous Sites Branch has been conducting a remedial investigation at the pre-1983 landfill on your property. It is necessary to verify wetlands on your property as part of the investigation activities. In order for the Unit to complete an environmental wetland study and continue with remedial assessment activities, we need to obtain access authorization on behalf of the U.S. Army Corps of Engineers. The U.S. Army Corps of Engineers requires the property owner's consent to access the property through an access form signed by the property owner or authorized agent for that property to conduct a federal jurisdictional determination for the wetlands, and share the findings with the Unit.

I have enclosed the Access form for your signature along with a pre-addressed and stamped envelope for your convenience. For reference my contact information is:

Thomas Slusser
DWM Superfund Section
1646 Mail Service Center
Raleigh, North Carolina 27699-1646

Please return the signed enclosed form by March 18, 2016. The completed form will be provided to the U.S. Army Corps of Engineers and we will then coordinate the on-site activities with you. Please call me at (919) 707-8331 or email me at thomas.slusser@ncdenr.gov with any questions or concerns. Your continued cooperation is very much appreciated.

Best regards,
Thomas Slusser

ACCESS AUTHORIZATION

Davidson River Dump
ID# NONCD0000591

Rhonda and Norman Griffin, Jr.
Poplar Lane
Pisgah Forest, Transylvania County

This Site Access Authorization is to allow the U.S. Army Corps of Engineers to conduct a jurisdictional determination on a certain property located at 1076 Poplar Lane, Pisgah Forest, North Carolina (PIN# 8596-76-8315-000) and;

Provide results of the study to the North Carolina Department of Environmental Quality, Division of Waste Management, Superfund Section, Inactive Hazardous Sites Branch, and the assigned firm under contract with the State of North Carolina.
