JACKSON Co. LF

4-18-97 4:30 Roger Bartlett - Western Builders - called
704-586-5094

- Business (Bldg) SE of LF ≈ 200'
- Located on entrance road.
- Has 200' supply well - using bottled H_2O for drinking
- Concerns about well & off-site contamination - on his property - Mention C;D siting.
- I told him the data from the LF showed some contamina
  - would review data as to which wells & how gr flow was in relation to his property.
  - If necessary I would arrange to sample his wel

4-21-97 - Data review indicates contamination very near Bartlet property - MW-5 - Appears to be side gradient of LF.
- Spoke w/ Jim Patterson - Thought supply well needed to be sampled. We could do better & quicker than comin
- Agreed to sample well 5-6-97
- Called Western Builders (704) 586-5094 ≈ 2:45 - left message about sampling.
