Received X

Returned ___

Project: vicinity of ARA/Smith's incident 10077

Location: 210 Chimney Rock Road

~~Conversation with:~~ Pauline Atkins

Telephone: ___

Company or Firm: ___

Discussion:

3/2/00 conv w/ John NyKamp - Well + Septic - I posed theoretical question to John: If a user requested it, could a county permit be issued for a water supply well in the Burnt Poplar Rd / Chimney Rock Road area? John said yes for process water and possibly for potable water.

3/7/00 conv w/ David Moorefield - City Utilities - 210 Chimney Rock Road does have a municipal water line available for hookup, but not a sewer line. City ordinance does not require a connection to municipal water unless a sewer connection is also available
