Dear Mr. Cobb:

On December 30, 2010 the Division of Waste Management (Division) received your application for a new Permit to Construct, entitled;
Recycled Fuel Facility, Transfer Station Application. Prepared for FCR, LLC. Prepared by Brown and Caldwell. December 2010. DIN 12639.

A letter was then issued by the Division requesting additional information:

The Division has no evidence that you have responded to this letter. Should FCR, LLC remain interested in pursuing this permitting activity, then FCR, LLC must respond, to the letter referenced above, in writing on or before February 14, 2012. Failure to respond will result in denial of the permit action and cancellation of the requested permitting activity.

Sincerely,
