Email address: *larked@yaho.com*
Fax:

FACILITY CONTACT ADDRESS:

Same as above.

PARTICIPANTS: *Chester Cobb*

STATUS OF PERMIT: *Expired*

EXPIRES: *1/6/2013*

PURPOSE OF SITE VISIT: *Routine*

STATUS OF PAST NOTED VIOLATIONS:

No violations noted on the previous inspection conducted on 2/21/13.

OBSERVED VIOLATIONS:

1) Signs that septage had been recently applied to the field was noticed in two locations. This is a violation of N.C.G.S. 130A-291.1 (d) since your permit had expired without a submittal for permit renewal. N.C.G.S. 130A-291.1 (d) states that: "Septage shall be treated and disposed only at a wastewater system that has been approved by the Department under rules adopted by the Commission or by the Environmental Management Commission or at a site that is permitted by the Department under this section. A permit shall be issued only if the site satisfies all of the requirements of the rules adopted by the Commission." The field is not currently permitted to receive septage.

The item(s) listed above were observed by Section staff and require action on behalf of the facility in order to come into or maintain compliance with the Statutes, Rules, and/or other regulatory requirements applicable to this facility. Be advised that pursuant to N.C.G.S. 130A-22, an administrative penalty of up to \$15,000 per day may be assessed for each violation of the Solid Waste Laws, Regulations, Conditions of a Permit, or Order under Article 9 of Chapter 130A of the N.C. General Statutes. Further, the facility and/or all responsible parties may be subject to enforcement actions including penalties, injunction from operation of a solid waste management facility or a solid waste collection service and any such further relief as may be necessary to achieve compliance with the North Carolina Solid Waste Management Act and Rules.

ADDITIONAL COMMENTS

1. Signage present.
2. Access road off of Hwy 903 was in good shape.
3. Markers present.
4. There were signs of two recent applications along the south east edge of Field 3 and 2 and about in the center of Fields 3 and 2. Site is closed to septage applications.
5. No small grain present. Site has been closed down since 01/08/13 due to expired permit.
6. No application at time of discharge. pH not checked.
7. Slight septage smell noticed by the recent application.
8. Setbacks not checked.
9. Records from January 2012 to January 2013 need to be submitted as a part of the application for permit renewal submitted on 2/20/13.
10. Site is closed due to expired permit. Any septage applied to the site will be in violation to NC Septage Management Rules and subject to enforcement actions such as administrative penalties up to \$15,000 per violation per day. An application and nutrient management plan was received on 2/20/13. Land application records and the "Septage Land Application Log Cover Sheet" must be submitted in order for permit review. Septage cannot be applied to the site until the permit has been reissued.

Please contact me if you have any questions or concerns regarding this inspection report.
