Project: Old Shell Station

County: Alamance

Conversation with: Diana Lanier

Telephone: 704/399/4000 <ESI>

Affiliation: Consultant (Ecological Services, Inc.)

Discussion:

I spoke with Ms. Lanier to verify whether or not ESI removed the UST's or came in the sample after the fact. Mr. Lanier said that the UST's were removed in '90; that she was hired by BB&T Bank as a result of a real estate transaction to sample; put together a closure report. ESI did not witness or conduct removal of the UST's.
