Subject: Lundy / TransTechnology Site - NONCD0000088

George,
Per our telephone discussion earlier this week, we have completed the assessment work at the Lundy / TransTechnology site and are currently working on the requested assessment report but need a little more time to finish. As such, we are requesting a 30-day extension on the submittal of the report. With the 30-day extension, the requested assessment report will be submitted to DEQ on or before June 28th.

If you would, please respond to this email confirming our discussions and your concurrence with the requested 30-day extension.

Thank you,
Shannon

Shannon,

I know we spoke early this week and you were working on the requested assessment report but you needed more time to finish. I haven't received an extension request from you, and I need communicate what is happening to my supervisor. If you need more time to complete the report, please submit a request and indicate how much time you believe you will need. Thanks - George

CALL TO: George Adams

CALL FROM: Shannon Cottrill -

DATE/TIME: 5-31-16 1216 -

RE: Lundy Trans Technology -

TELEPHONE LOG:

5-31-16 - 1216
Shannon left a message and explained the assesment work was completed and they were working on the report → It would probably be finished in a few weeks
He would call again on 6-6-16 - cell: 704-887-4605

6-6-16 - 1207
Shannon called and I explained that I had been so busy - and I apologized for not being able to call him -yet - we discussed HFLI for indoor air
4MW is along Eaton Street - NDET → surficial GW -
I agreed to extend - send email for extension request how many weeks → I suggested one month.
