Sam,

The attached letter correctly summarizes the alternate monitoring schedule we discussed during our meeting and Edgecombe County may proceed to sample in accordance with the schedule.

Subject: Revision to Edgecombe County LF Sampling Plan

Hi Ervin

Attached is a letter summarizing our January 18, 2013 discussion about reducing the sampling frequency at the Edgecombe County Landfill for the geochemical and monitored natural attenuation (MNA) parameters. I prepared this letter to formally document the schedule we agreed to during our January 18th meeting and to obtain your written concurrence.

We look forward to your favorable review of the revised schedule. If you have any questions, or comments, about schedule presented in this letter, please don't hesitate to call me.

Thanks
Sam
