SANITARY LANDFILL
ANNUAL REPORT

FOR THE PERIOD OF JULY 1, 1990 -JUNE 30, 1991

Solid waste disposal facilities are a vital part of the North Carolina infrastructure to manage solid waste. This report gathers information about solid waste facilities in the state.

Separate surveys have been sent to all counties and cities to gather information about other components of solid waste management programs in North Carolina.

Thank you for your assistance in completing this report. The information gathered as a part of this process should be of value to local governments and the state in assessing waste management programs and needs in planning for the future.

If you have any questions or concerns regarding this report please contact the Solid Waste Section at 919-733-0692 or a waste management specialist. Completed forms should be returned to the waste management specialist for your area. Refer to the attached map for names and addresses. A copy of this report should be sent to the county manager of each county served by this facility.

P

Facility Name Abitibi Price Corp. Permit Number 97-03
Address PO BOX 98 ROARING RIVER NC 28669

Name:_____

Certification type and expiration date:_____

5. Have you begun the siting process for your county's next landfill?

- ☐ Yes If yes, please describe:_____
- ☐ No
- ☒ N.A.

Other Comments

We would appreciate your comments about this report or other matters regarding solid waste management in North Carolina. Thank you for your time.

This is an Industrial wood ash monofill located on Abitibi owned land in the same complex as the ash generator. No other waste materials are accepted. We do not feel that this facility should be regulated as a Municipal Solid Waste facility.

This report should be sent to the waste management specialist for your area.
