SUBJECT

Moye Const. Co. LCIO (Notification) Greene Co.

SUMMARY OF COMMUNICATION

Jim Barber, Ray Williams + Bobby Nelms met with Neil Moye and Cliff Harris to discuss the need to have the existing site permitted as a LCIDLF. Upon reviewing engineered drawings by Mr. Harris it was determined that the site is already over two acres.

Jim Barber explained the needed parts of a permit application and presented them with the expectations of the SWS.

Cliff Harris stated that he would develope a permit application package and submit it to Jim Barber.

Moye Construction Co. LCID — Greene Co.

SUMMARY OF COMMUNICATION

Stopped by the Moye LCID to see what was happening with the site. We have already established that the LCID notification is over 2 acres in size but according to David Moye, his engineer is working on a permit package to be submitted to Jim Barber. There were several loads of metal and unpermitted waste on the site. I spoke to Mr. Moye about the site and he said he would take care of the unpermitted waste and call me Monday.
