Re: Water Supply Well Sampling (2nd Request)
62 Packing Co Road, Chocowinity NC 27817
Chocowinity Dump
NONCD0000127

Dear Mr. and Mrs. Spencer:

The North Carolina Department of Environmental Quality, Division of Waste Management (Division) is currently conducting an investigation of groundwater contamination in the area of your property located at 62 Packing Company Rd in Chocowinity, Beaufort County, NC. The purpose of this letter is to request your permission to sample the water supply well located on your property. This sampling will be performed by Division staff or the Division's contractor at no cost to you. You do not have to be present to have your well sampled. Samples will be collected from either a faucet at the well or on the exterior of your home. The laboratory results will be forwarded to you as soon as possible. To provide the Division permission to sample your well, please sign the attached permission form and return it to our office in the enclosed stamped envelope within 14 days. Upon receipt we will notify you of the planned date of sampling.

If you do not wish to grant the Division permission to sample your well, we recommend you have it tested for metals and volatile organic contaminants by a private laboratory or the local health department because of the concerns for contamination in the area. The private lab or health department will likely charge a fee for this sampling. Please contact Cheryl Marks at (919) 707-8333 or at Cheryl.marks@ncdenr.gov or Katie Tatum at (919) 707-8155 or at Katie.tatum@ncdenr.gov if you have any questions.

If your property is on city or county water and does not utilize a potable well or if you do not grant the Division permission to test your well, please fill out and return the attached No Potable Well form. This will allow the Division to update our records.

Sincerely,

Katie Tatum
Environmental Specialist
Division of Waste Management, NCDENR

Dear Mr. C.L. Crisp:

The North Carolina Department of Environmental Quality, Division of Waste Management (Division) is currently conducting an investigation of groundwater contamination in the area of your property located at 2042 US Highway 17 South in Chocowinity, Beaufort County, NC. The purpose of this letter is to request your permission to sample the water supply well located on your property. This sampling will be performed by Division staff or the Division's contractor at no cost to you. You do not have to be present to have your well sampled. Samples will be collected from either a faucet at the well or on the exterior of your home. The laboratory results will be forwarded to you as soon as possible. To provide the Division permission to sample your well, please sign the attached permission form and return it to our office in the enclosed stamped envelope within 14 days. Upon receipt we will notify you of the planned date of sampling.

If you do not wish to grant the Division permission to sample your well, we recommend you have it tested for metals and volatile organic compounds by a private laboratory or the local health department because of the concerns for contamination in the area. The private lab or health department will likely charge a fee for this sampling. Please contact Cheryl Marks at (919) 707-8333 or at Cheryl.marks@ncdenr.gov or Katie Tatum at (919) 707-8155 or at Katie.tatum@ncdenr.gov if you have any questions.

Sincerely,

Katie Tatum
