Subject: Permit to Operate Application, Determination of Completeness  
Permit No. 0102-INCIN-M-, Stericycle, Inc.  
Alamance County, DIN 25005

Dear Mr. Nuss:

On May 22, 2015 the Division of Waste Management, Solid Waste Section (Section) received Stericycle, Inc.'s application for a permit to operate, five (5) year renewal, at the Haw River Facility, located in Alamance County. The application was entitled:

*Treatment Facility Operations Plan, 1168 Porter Avenue, Haw River, NC 27258, Revised: May 2015.* Prepared by Stericycle, Inc. May 2015. DIN 24365.

The Section has performed a review of the application for a determination of completeness and determined the application is complete in accordance North Carolina General Statute NCGS 130A-295.8(e). A determination of completeness means that the application includes all required components in accordance with North Carolina Administrative Code 15A NCAC 13B .1200, but does not mean that the required components provide all of the information that is required for the Department of Environment and Natural Resources to make a decision on the application.

Accordingly, the Section continues its technical review of the application and will provide questions and comments regarding the application at the appropriate time.

Should you have any questions regarding this matter contact me at (828) 296-4704

Sincerely,

Larry Frost, Engineering Project Manager  
Permitting Branch, Solid Waste Section
