Re: Commercial Hazardous Waste Facility Annual Notification
Safety-Kleen Systems, Inc. – St. Pauls
EPA ID # NCD 980 846 935

Dear Mr. Blake:

North Carolina General Statute 130A-295.01(e) requires that permit holders for a commercial hazardous waste facility shall annually publish a notice in a newspaper of general circulation in the community where the facility is located. The notice must include the location of the facility, a description of the facility, the hazardous and non-hazardous wastes that are received and processed at the facility and a description of the emergency response plan for the facility. The notice shall be in a form and manner approved by the Hazardous Waste Section. In addition, the facility must provide documentation to demonstrate that this requirement has been met. On the reverse of this letter is an excerpt from the General Statute.

Safety-Kleen must publish the notice no later than June 4th. Safety-Kleen must provide the proposed text and the name of the newspaper to the Hazardous Waste Section for review no later than May 5, 2016.

If you have any questions concerning this requirement you should contact me at 919-707-8214 or kathleen.lawson@ncdenr.gov.

Sincerely

Kathleen Z. Lawson

Kathleen Z. Lawson, Environmental Engineer
Division of Waste Management, NC DEQ

N.C.G.S. 130A-295.01

(e)

1) Within 10 days of filing an application for a permit for a commercial hazardous waste facility, the applicant shall notify every person who resides or owns property located within one-fourth mile of any property boundary of the facility that the application has been filed. The notice shall be by mail to residents and by certified mail to property owners, or by any other means approved by the Department, shall be in a form approved by the Department, and shall include all of the following:
   (a) The location of the facility.
   (b) A description of the facility.
   (c) The hazardous and nonhazardous wastes that are to be received and processed at the facility.
   (d) A description of the emergency response plan for the facility.
2) **The permit holder for a commercial hazardous waste facility shall publish a notice that includes the information set out in subdivision (1) of this subsection annually beginning one year after the permit is issued. The notice shall be published in a form and manner approved by the Department in a newspaper of general circulation in the community where the facility is located.**
3) The permit holder for a commercial hazardous waste facility shall provide the information set out in subdivision (1) of this subsection by mail to the persons described in subdivision (1) of this subsection at the midpoint of the period for which the permit is issued.
4) Each commercial hazardous waste facility applicant and permit holder shall provide documentation to demonstrate to the Department that the requirements set out in subdivisions (1), (2), and (3) of this subsection have been met.
