Raleigh, North Carolina 27611-7687

Dear Mr. Stephens:

Enclosed is the information you requested in your March 6th letter. Please forgive the rudimentary nature of these drawings.

Alexander County will comply with all state regulations concerning both surface water and ground water monitoring. Surface water data will be included with the ground water analysis for all future water quality samplings.

Please note, Alexander County is in the process of purchasing approximately 55 acres of adjoining land on the south side of the landfill. This should buffer all surface water and ground water externalities.

If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script, appearing to read "W. Craig Greer".

W. Craig Greer
County Administrator
