Re: Response to Application Review
City of Durham Transfer Station (Permit No. 32-12T)
Durham, North Carolina

Dear Ms. Backus,

The City of Durham wishes to withdraw the permit modification for its transfer station on file with the Solid Waste Section at this time. The last written correspondence from the Section was an Application Review letter dated September 21, 2011. The date of the original modification submittal was February 17, 2011.

The City may pursue shingle recycling in the future and will submit a plan in accordance with the Section's Guidance Document at that time.

Should you have any questions or require clarification, please contact me at your earliest convenience at (919)-560-4186.

Sincerely,

Chris Marriott, Disposal Manager
CITY OF DURHAM
