RE: **Notice of Violation**
LCID Notification site
Halifax County

Dear Mr. Price:

Pursuant to North Carolina General Statute (N.C.G.S.) 130A-22(a) and to 15A North Carolina Administrative Code (N.C.A.C.)13B, you are hereby informed that your Notified Land Clearing and Inert Debris Landfill is in violation of certain requirements contained in the North Carolina Solid Waste Management Rules, codified at 15A N.C.A.C. 13B, specifically:

> 15A N.C.A.C. 13B. 0563 (1)(a) which states that **"The facility is to be operated for the disposal of land clearing waste, inert debris, untreated wood, and yard trash."**

On October 7, 1998, in response to a complaint, I visited your LCID notification site located of Hwy. 903 in Halifax County, and observed that many truck loads of demolition material had been dumped on the site including treated and painted wood, tin, furniture, and shingles. This material had been dumped over an area measuring approximately one half of an acre on the site. The material listed above does not meet the definition of land clearing and inert debris.

Based upon the foregoing, the you are hereby ordered to take the following actions by January 8, 1999, to correct all violations as stated in this Notice of Violation, and otherwise be in compliance with the North Carolina Solid Waste Management Rules, codified at 15A N.C.A.C. 13B:

I. Remove all solid waste, other than the land clearing and inert debris, and dispose of at the Halifax County Construction and Demolition Landfill. Metal debris can and should be recycled if possible through reputable scrap metal dealers.

III. Post signs stating that no dumping is allowed, and prevent unauthorized entry to the site by means of gates, berms, or fence sat all entrances.

Pursuant to N.C.G.S. 130A-22(a) and 15A N.C.A.C. 13B, Section .0701 - .0707, an administrative penalty of up to $5,000.00 per day may be assessed for violations of the Solid Waste Law or Regulations.
