MEMO

DATE: 7-13-94

TO: File

SUBJECT: Allegheny Co. LF
Water quality monitoring

- This proposal was accepted for ~~the '94'~~ future sampling episodes.
- I contacted Dan McMillan by phone to give approval 7/8.
- One condition was attached; if contamination was detected in ^{either of} the DS samplers, another round of SW sampling ^(US & DS) would be required.

Dear Mr. Poindexter:

Re: Alleghany County Landfill
Water Sampling Proposal

I have reviewed the proposed surface water sampling locations you sent Jeff Wyatt and after our conversation regarding these sample sites, I would like to recommend to you the following sampling schedule:

June/July 1994:

Monitor Well Sites 1, 2 & 3
Surface Site UP 1 UP 2
Surface Site (new) DWN 1 DWN 2

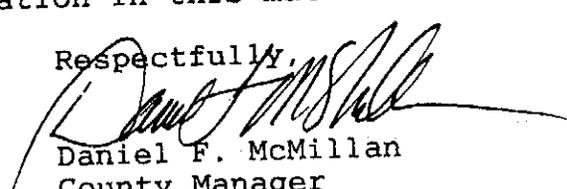

Dec. '94/Jan. '95:

Monitor Well Sites 1, 2 & 3
Surface Sites DWN 1 DWN 2

We would certainly appreciate your favorable consideration of the proposal as we are facing many additional expenses in closing our present landfill and operating a temporary transfer facility while trying to permit and construct a new transfer facility.

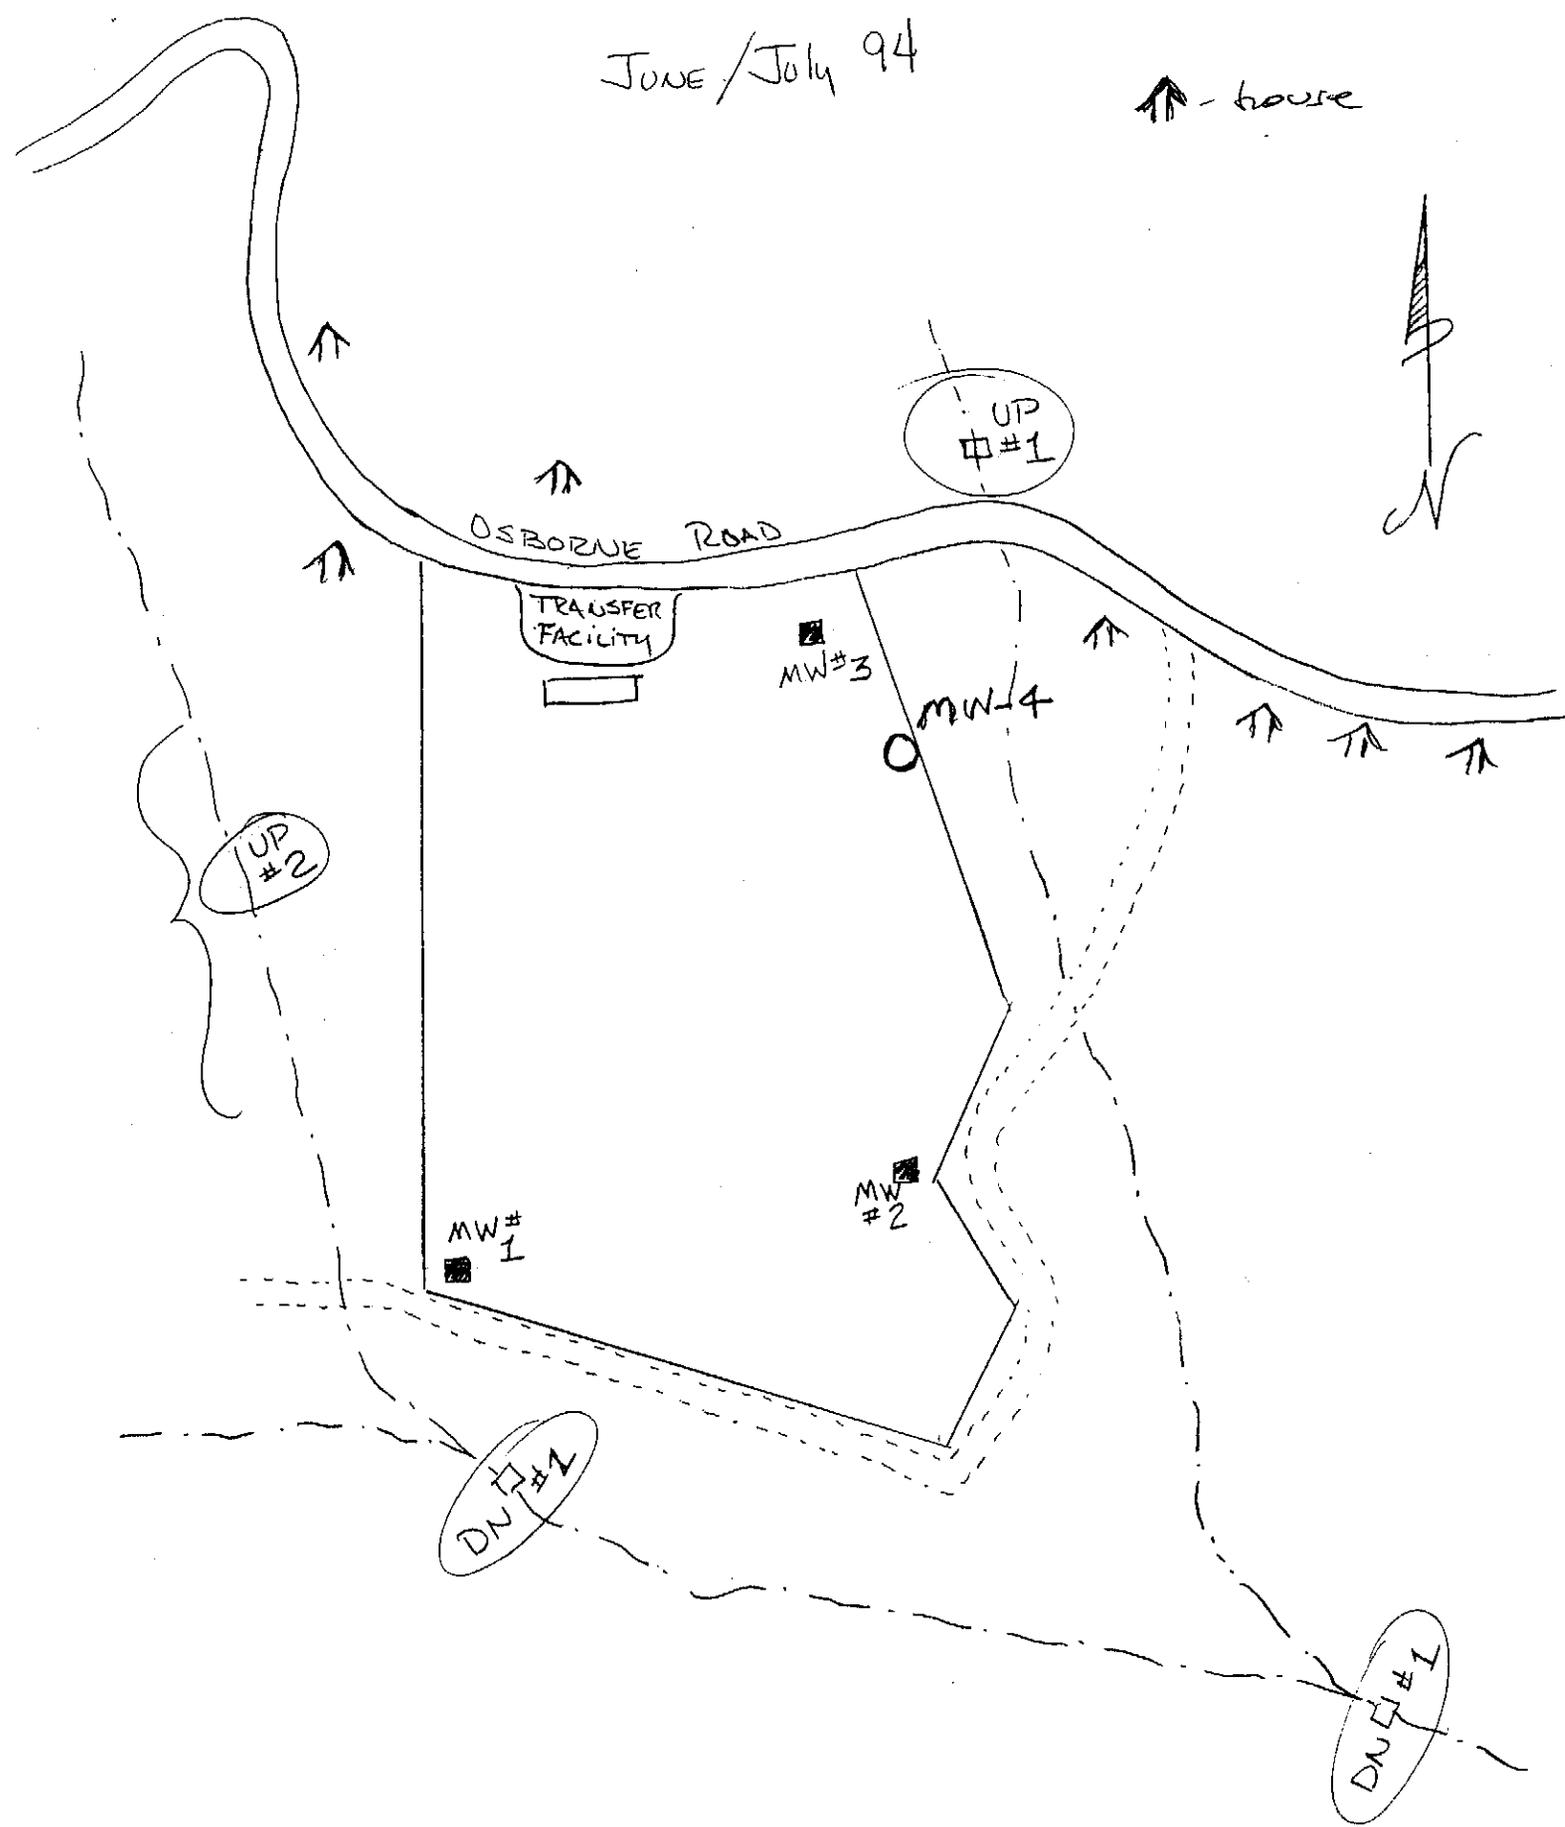

Thank you for your consideration in this matter.

Respectfully,

Daniel F. McMillan
County Manager
