Teresa, I will scan and email the Trigon Phase 1 Site Assessment and UPS the set of Power Engineering site construction drawings for Sunstar/Huntersville Ford site on Monday. I will pencil shade in where the ash was placed within the contours which is not always clear on some drawings.. Thanks for the good info exchange. I can probably help with such info for other projects if needed. -Jeff

Jeff,
I have attached the certification of compliance and the deed recordation for the Huntersville Ford Site. Thanks for your help with the historical information.

Teresa
