Re: Replacement of Groundwater Monitoring Well 1  
Avery County Landfill

Dear Mr. Rose:

Please find enclosed the well construction record for the above referenced replacement well. The replacement well has been placed approximately 25 feet from the original location. The new location permits maintenance of the sediment basin without risk of damaging or burying the well.

If you have questions or need additional information, please do not hesitate to call.

Very truly yours,  
MUNICIPAL ENGINEERING SERVICES CO., PA

D. Wayne Sullivan  
Project Manager
