TO: Bill Sessoms  
DATE: October 16, 1996

FROM: Jim Bateson *JTB*  
cc: Bobby Lutfy

SUBJECT: Permit Application for Proposed Avery Co. Construction and Demolition Landfill  
Hydrogeological Considerations

I have reviewed amendments to the above referenced permit application, received by the Solid Waste Section on August 20 and 23, 1996. The items discussed in your letter of August 22, 1996 have been adequately addressed:

1. Copies of the summary page have been inserted in the water quality monitoring plan.
2. During a phone conversation on October 16, 1996, with Mr. Wayne Sullivan of Municipal Engineering Services, he confirmed that no groundwater was present in the two test pits excavated in the LCID footprint.
