RE: Second Semiannual Groundwater Monitoring Report of 2009
Dan Johnson Landfill, Permit No. 97-02
Wilkes County, North Carolina
JEI Project No. 00356.0900.11, Task No. 03

Dear Ervin:

On behalf of Wilkes County, Joyce Engineering, Inc. (JEI) is submitting the enclosed *Second Semiannual Groundwater Monitoring Report of 2009*. This report documents completion of the second semiannual compliance monitoring event of 2009 for Wilkes County Dan Johnson Landfill. Research and Analytical Laboratories, Inc. (RAL) of Kernersville, NC performed the sampling on December 15, 2009 and the laboratory analyses.

Ten inorganic and eleven organic constituents were detected during the December 2009 sampling event. All concentrations are reported in micrograms per liter (µg/L). Concentrations with a "J" are considered to be estimated. Concentrations with a "B" are considered to be attributed to lab or field contamination. Highlighted groundwater and surface water data has been detected above the NC 2L Groundwater Standard (NC 2L), Groundwater Protection Standard (GWPS), and/or NC 2B Surface Water Standard (NC 2B) for surface water. Data in parenthesis are duplicate samples from MW-3.
