SOLID WASTE PERMIT

Conditions of Permit:

1. The following requirements shall be met prior to receiving solid waste at the site:

   a. Filing of the certified copy of the permit with the register of deeds.

   b. Site preparation in accordance with operational plan.

   c. Site inspection made by a representative of the Division of Health Services.

   d. Posting of the solid waste permit number on the entrance sign to the landfill.

2. Waste is restricted to flyash only.

3. Final grade changed as reflected in red.

4. One (1) foot of final cover is required. This should be applied as final elevations are reached.

5. Ponding of water behind the lower dike will not be allowed to back up into the flyash.

6. A groundwater monitoring well will be required. (See location and specifications.)

7. Surface water will be diverted from off site when possible. On the finished landfill, it will be handled as shown in red. Slope drains may be required to handle the concentrated runoff from the finished surface.
