Subject: Request to Permit Vacuum Waste for Disposal, Approval
Permit No. 1809-INDUS-, Duke Power/Marshall Steam Plt FGD
Permit No. 1812-INDUS-2008, Duke Energy Marshall Steam Station
Catawba County, DIN 24786

Dear Ms. Hutchinson:

On July 27, 2015 the Division of Waste Management, Solid Waste Section (Section) received Duke Energy's request, entitled;

Request to Permit Vacuum Waste for Disposal, Marshall Steam Station Operational Landfills, (Permit No. 1809-INDUS and 1812-INDUS), Catawba County, North Carolina. Prepared by Duke Energy. July 2015. DIN 24780.

The request concerns Duke Energy's plan for disposal of vacuumed waste in the permitted landfills at the Marshall Steam Station (Facility).

The Section has reviewed the request and hereby approves the immediate implementation of the plan at Duke Energy's, Marshall Steam Station. Duke Energy shall consider the referenced request (DIN 24780) as an approved document. The Facility should operate in this manner until the current facility permit is either amended or modified. Therefore, the next time the Facility prepares either a permit amendment or modification it is expected to submit an updated operations plan which includes the approved vacuum waste disposal procedure.

Should you have any questions regarding this matter contact me at (828) 296-4704 or larry.frost@ncdenr.gov.

Sincerely,

Larry Frost, Engineering Project Manager
