Attn: Mr. Larry Frost

Re: Request to Permit Waste for Disposal  
Marshall Steam Station Operational Landfills (Permit No. 1809-INDUS and 1812-INDUS)  
Catawba County, North Carolina

Dear Mr. Frost,

Duke Energy requests approval for receipt of solid waste material generated by Duke Energy Corporation at the following Marshall Steam Station operational facilities:

- 1812-INDUS Marshall Steam Station Industrial Landfill #1
- 1809-INDUS Marshall Steam Station FGD Landfill

Receipt of solid waste material at each facility will comply with waste types listed in Section 2.1.2 - Waste Acceptance, Disposal, and Screening Requirements of respective facility's approved Operations Plan. Duke Energy proposes to revise Section 2.1.2 of each facility's Operations Plan to include waste generated by Duke Energy Corporation during the next permit amendment or modification.

Duke Energy is committed to excellent environmental stewardship and cooperation with the Division regarding the operation, maintenance, safety, and integrity of all of its facilities. We look forward to continuing to work with you regarding environmental concerns.

If there are any questions regarding this request, please contact me at (336) 215-4576.

Respectfully submitted,

Kimberlee Hutchinson, PE  
Environmental Services
