Subject: Determination of Completeness – Application Complete  
Cherokee County MSWLF Facility  
Cherokee County, Permit # 2002-MSWLF-1998, Document ID 24781

Mr. Clark:

The Division of Waste Management, Solid Waste Section (Section) has completed a review of the document titled *Amendment to Permit, Municipal Solid Waste Landfill Facility Phase 4* (DIN 24658). The document was submitted on your behalf by Municipal Engineering Services Company, P.A. and was received in the Asheville Regional Office on July 2, 2015.

The submittal has been reviewed for completeness in accordance with General Statute 130A-295.8(e). A determination of completeness means that the application includes all required components but does not mean the required components provide all of the information that is required for the Section to make a decision on the application. The permitting activity fee has been paid and all of the components required by 15A NCAC 13B.1617(b) have been submitted, or previously approved, so the application is deemed **complete**.

If any additional information is required to complete the permitting activity, it will be requested in the future under separate cover.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at [allen.gaither@ncdenr.gov](mailto:allen.gaither@ncdenr.gov).

Sincerely,

Allen Gaither  
Environmental Engineer
