Re: International Paper Landfill Operating Permit Renewal Application
Permit #2402-INDUS-1972

Dear Mr. Little;

As we discussed by phone today, our permit will expire on September 9, 2014. We intends to renew the permit, but request your approval to submit the Application for Permit Renewal to the Section by June 30, 2014 rather than by the March 9, 2014 date referenced in the Section's December 11, 2013 letter. This will give us an opportunity to complete the 2014 annual survey and provide you with the most up to date information. As there are no proposed expansions or modifications for this renewal I hope you will find this acceptable and provide enough time for the Section's to complete its review. We do not believe we need to submit the Engineering Plan, CQA Plan, etc. referenced in .1617 (e) or any of the construction requirements outlined in .1624 since there is no proposed expansion.

Your concurrence with this schedule will be much appreciated. If you have questions or concerns, do not hesitate to call me at (910) 362-4883. Thank you in advance for your consideration.

Yours truly,

Edward J. Kreul, Manager EHS&S

Dear Mr. Little:

As we discussed by telephone March 5th, 2014, our corporate financial office will be finalizing all of the financial assurance filings on or about March 31st, 2014. Therefore, we are requesting an extension on the submittal of the corporate test letter for closure, post-closure, and corrective action past the 45 days cited in the permit (March 26th, 2014) to April 4th, 2014. Please confirm that this submittal will be acceptable for compliance and will not be an exception fo this permit requirement.

If you have questions or need additional information, call me at (910) 362-4883.

Sincerely,
