Subject: Determination of Completeness – Application Complete  
Fort Bragg Transfer Station  
Cumberland County, Permit number 2606T-TRANSFER-1998, Document ID No. 24058

Mr. Williamson:

The Division of Waste Management, Solid Waste Section (Section) has received a request for a five-year renewal of the Permit at the Fort Bragg Transfer Station (DIN 23158). The document was submitted by Mr. Gregory G. Bean and was received in the Asheville Regional Office on January 23, 2015.

The submittal has been reviewed for completeness in accordance with General Statute 130A-295.8(e). A determination of completeness means that the application includes all required components but does not mean the required components provide all of the information that is required for the Section to make a decision on the application. The permitting activity fee has been paid and all the components required by 15A NCAC 13B. 0401 have been submitted so the application is deemed **complete**.

If any additional information is required to complete the review process, it will be requested in the future under separate cover.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at [allen.gaither@ncdenr.gov](mailto:allen.gaither@ncdenr.gov).

Sincerely,

Allen Gaither  
Environmental Engineer
