Subject: RE: Wilkes Road Improvements to Site Operations Report

Hello Aaron,
I reviewed the site improvement report you submitted in July for the Wilkes Road Yard Waste Site, and everything looked OK.

It was noted that only a portion of the storage area for wood material over the LCID was constructed, instead of the entire LCID area as proposed in the application. If the storage area is to be expanded in the future, cover thickness verification will need to be submitted.

If you have any questions please let me know.
Thanks, Donna
