Mr. Steve Waters
Barnhill Contracting Company
1100 Robeson Street
Fayetteville, North Carolina 28305

Subject: Issuance of Permit To Construct and Operate – LCIDLF, Phases I through X
Doc Bennett Land Clearing and Inert Debris Landfill (LCIDLF)
Cumberland County, North Carolina
Permit No. 26K-LCID, Document ID No. (DIN) 24139

Dear Mr. Waters:

The Division of Waste Management (DWM), Solid Waste Section (SWS) has reviewed the permit amendment application for a five (5)-year permit review for the above-referenced landfill facility (DIN 24140). Based on the review, the SWS has no further comment on the permit amendment application at this time and hereby issues Barnhill Contracting Company the Permit to Construct & Operate – for Doc Bennett LCIDLF, Phases I through X in accordance with Section .0201(e) and consistent with Sections .0203 (b) and .0563(4) of the Solid Waste Management Rules 15A NCAC 13B. Please note that the issuance of this permit neither exempts nor removes responsibilities of Barnhill Contracting Company to comply with any applicable ordinance, regulation or law that may affect your facility.

Enclosed please find a hard copy of Solid Waste Permit (DIN 24138) for Doc Bennett LCIDLF, and the approved permit application and drawings (Doc ID 24140) are also enclosed. The electronic format of the approved documents can be directly downloaded from the DWM's web site at <https://edm.nc.gov/DENR-Portal/>. Type in the Doc ID Number (only numeric number) in the boxed area next to the “**Description**” in the “**Property Criteria**” area. Then click “**Search**” box. The document in “pdf” format will appear on the lower section of the screen called “**Content**” area. Please place the approved documents including this permit to the facility operating record.

Please carefully review the permit and pay special attention to the following permit conditions, which shall be completed prior to receiving any permitted wastes at this landfill facility; the permit conditions are briefly stated below:

- General Permit Condition No. 3, Part IV, Attachment 1 of the permit regarding permit recordation requirement. This permit condition that was requested in the previous permit (DIN 9941) issued on April 6, 2010, but Barnhill Contracting Company didn't fulfill the requirement according to the SWS record.

The certified copy of the permit (enclosed) must be filed and recorded in the Register of Deeds office in Cumberland County, and the copy (entire document including permit) shall be returned to the SWS, within thirty (30) working days, from the date received, with the page and book number, date of recordation, and Register's seal.

- Pre-Operational Permit Condition No. 4, Part I, Attachment 2 of the permit must be implemented and documented prior to receiving permitted wastes at any new Phases II through X.

If you have any questions of the permit or requests for further clarification regarding the above-mentioned matters, please contact me at (919) 707-8251 or ming.chao@ncdenr.gov or Drew Hammonds, Environmental Senior Specialist for the facility, at 910-433-3350 or andrew.hammonds@ncdenr.gov.

Sincerely,

Ming-Tai Chao, P.E.
Environmental Engineer
