Re: Request Acknowledgement Letter  
City of Durham Household Hazardous Waste (HHW) Facility  
Durham County, Permit No. 3212-HHW-2014, Document ID No. 21655

Dear Mr. Woody:

The Division of Waste Management, Solid Waste Section, received your email requesting modification/correction to referenced permit.

It requests the addition of Granville and Person Counties to the service area listed in Attachment 3 of your permit and notes that the square footage of the HHW listed in Attachment 1, Part III of the permit should be 3,200 square feet.

This letter serves as an approval to that request and acknowledgment of the correction. Please place a copy of this letter in your operating record and incorporate the changes into your operation plan.

If you have any questions, you may contact Pat Backus at (919) 707-8257.

Sincerely,

Edward F. Mussler, III, P.E., Permitting Branch Supervisor  
Division of Waste Management, NCDENR

Pat:

Two corrections need to be made to our PTO 3212-HHW.

1. Regarding the square footage on page 2 of 7, which currently reads 45,000 should actually be 3,200 square feet.
2. On Attachment 3, where it states which counties waste can be collected from omits Granville and Person counties.

The City of Durham would like to have these two changes noted for the record as soon as possible please. Thank you.
