Re: Permit to Operate for Overdale Yard Waste Facility
Solid Waste Treatment & Processing Facility; Forsyth County
Permit #3409-TP
DIN 25070

Dear Ms. McHarque:

Please find enclosed the signed Permit to Operate (DIN 25056) for the *Overdale Yard Waste Facility* located in Winston-Salem, NC. This permit issuance approves the continued operation of the facility under the terms and conditions of the permit. In general, the facility permit does not reiterate permit conditions included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions that are included within the approved plans, such as site specific operations. Please review the conditions of the permit carefully.

Please keep a copy of the current permit, updated Operations Plan, and other required documentation on site at all times. These are also available for download from our website: <https://edm.nc.gov/DENR-Portal/>. To access documents for this permit, type in "**3409-TP**" in the ID value box under 'Property criteria' tab and click on 'Search'. Right click on the target document to view or download.

If you have any questions regarding the permit or its conditions, please contact me by phone at (919) 707-8258 or by email at perry.sugg@ncdenr.gov. The Solid Waste Management Specialist for the facility is C.T. Gerstell. He can be reached at (704) 235.2144.

With Best Regards,

A handwritten signature in blue ink, appearing to read 'Perry Sugg', with a stylized flourish at the end.

Perry Sugg, PG
Permitting Hydrogeologist
