Dear Mr. Murray,

HDR Engineering Inc. of the Carolinas is resubmitting, on the behalf of the Winston-Salem/Forsyth County Utility Commission (City) this permit amendment for the Old Salisbury Road C&D Landfill. HDR has updated three pages in the attached PDF in response to your letter dated March 5, 2015 regarding the hydrogeologic review and request for changes to the LFG portion of the monitoring plan. The updates include: a new sealed cover page for the monitoring plan (page 250); the addition of hydrogen sulfide and carbon monoxide to Table 2 (page 258); and the addition of hydrogen sulfide to section 5.2.2 (page 268). No other changes were made to this document since its issue on May 27, 2014.

Should you have any questions regarding this permit amendment, please do not hesitate to call me at (704) 338-6719.

Sincerely,

HDR Engineering, Inc. of the Carolinas
