Winston-Salem, NC 27102

Subject: Permit Renewal Application (Amendment- Five-Year Renewal)
Old Salisbury Road CDLF, 3412-CDLF-1995
Forsyth County, DIN 22563

Dear Ms. McHargue:

The Solid Waste Section has received your revised application "*Permit Amendment, May 2014*" (Doc. ID No. 21523) for a five year permit renewal for the Old Salisbury Road Construction and Demolition Landfill submitted by HDR Engineering, Inc. The document was submitted on May 27, 2014.

In accordance with GS 130A-295.8(e), the Section has reviewed your application and found it to be complete. A determination of completion means that the application includes all required components but does not mean that the required components provide all the information that is required for the Section to make a decision on the application. The permitting activity fee was received on November 4, 2014. The compliance review and financial assurance were deemed complete as of November 11, 2014.

If any additional information is required to complete the Permit application review it will be requested under separate cover.

If you have questions about this matter or require further clarification, please contact myself at (704) 235-2163 or by email, john.murray@ncdenr.gov or C. T. Gerstell, who is the Solid Waste Section 's Environmental Senior Specialist for your area and can be reached at (704) 235-2144.

Sincerely,

John Murray, P.E.
Regional Engineer
Solid Waste Section
