Re: Permit to Operate  
Resource Recovery and Reduction Company  
Forsyth County, Permit No. 3415-HHW-2010, Document ID No. 24233

Dear Ms Sakwa:

Please find the enclosed permit to operate for the Resource Recovery and Reduction Company, Permit No.34-15, which approves continued operation of the facility. A copy of the approved operation plan is also enclosed.

In general, the facility permit does not reiterate permit conditions which are included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions which are included within the approved plans. Please review the conditions of the permit thoroughly.

If you have questions about your permit, please contact me at (919) 707-8257 or by email at [pat.backus@ncdenr.gov](mailto:pat.backus@ncdenr.gov). The Environmental Senior Specialist for the facility is C.T. Gerstell. He can be reached at (704) 235-2144 or (919) 609-5563.

Sincerely,

Patricia M. Backus, P.E., Environmental Engineer  
Division of Waste Management, NCDENR
