Re: Permit to Operate – Corrected and Reissued
Resource Recovery and Reduction Company
Forsyth County, Permit No. 3415-HHW-2010, Document ID No. 24946

Dear Ms Sakwa:

Please find the enclosed permit to operate for the Resource Recovery and Reduction Company, Permit No. 34-15, which approves continued operation of the facility. This permit, signed September 2, 2015, reflects corrections to and replaces the permit signed on August 26, 2015.

In general, the facility permit does not reiterate permit conditions which are included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions which are included within the approved plans. Please review the conditions of the permit thoroughly.

If you have questions about your permit, please contact me at (919) 707-8257 or by email at pat.backus@ncdenr.gov. The Environmental Senior Specialist for the facility is C.T. Gerstell. He can be reached at (704) 235-2144 or (919) 609-5563.

Sincerely,

Patricia M. Backus, P.E., Environmental Engineer
Division of Waste Management, NCDENR
