Re: Permit to Operate for Forum 52 Yard Waste Facility  
Large Type 1 Solid Waste Compost Facility; Forsyth County  
**Permit #3423-Compost - DIN 25051**

Dear Ms. McHarque:

Please find enclosed the signed Permit to Operate (DIN 25050) for the Forum 52 Yard Waste Facility located near Rural Hall, NC. This permit issuance approves the continued operation of the facility under the terms and conditions of the permit. In general, the facility permit does not reiterate permit conditions included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions that are included within the approved plans, such as site specific operations. Please review the conditions of the permit carefully.

Please keep a copy of the current permit, updated Operations Plan, and other required documentation on site at all times. These are also available for download from our website: <https://edm.nc.gov/DENR-Portal/>. To access documents for this permit, type in "**3423-Compost**" in the ID value box under 'Property criteria' tab and click on 'Search'. Right click on the target document to view or download.

If you have any questions regarding the permit or its conditions, please contact me by phone at (919) 707-8258 or by email at [perry.sugg@ncdenr.gov](mailto:perry.sugg@ncdenr.gov). The Solid Waste Management Specialist for the facility is C.T. Gerstell. He can be reached at (704) 235.2144.

With Best Regards,

Perry Sugg, PG  
Permitting Hydrogeologist
