ADDITIONAL COMMENTS:

1. I could see land clearing debris at the site. I called Buck Kidd and he said that he is not using the site. He said the land clearing debris at the site is from the clearing of the trees at the property. I told him that it is a Notified site and must be renewed each year by June 1st and that he could not bring anything on to the site without updating the Notification. He said that he would update it, if he were planning on bringing anything in.
2. Site CLOSED
