**Subject:** Permit Fee for Greene County C&DLF, permit # 40-02

Ellen & Jeff: Greene County requested a permit amendment for continued operation of Greene County C&DLF (Phase 2), on top of the closed MSWLF (Phase 1) in accordance with Rule .0547(4). The permit application originally submitted by June 30, 2008 without a comprehensive Facility Plan but providing the drawing to show the final grade of elevation of 144 feet amsl in the Closure Plan, which I believe that is consistent to the Permit Modification # 3. On May 20, 2010 a set of facility plan drawings (still no Facility Plan) along with the revised permit application were submitted by Greene County to respond DWM demand of a comprehensive Facility Plan (DWM letter dated 10/23/2009 [Doc ID8828]).

According to the submitted facility drawings, Greene County C&DLF will:

- Be developed the C&DLF by 5 phases (Phase 2 thru. Phase 7) in next 30 more years (as of 05/08/2009) with approximately total capacity of 531,307 cy (including 409,284 cy un-used space)
- Have the maximum final grade (at the end of Phase 7) at the elevation of 216 feet amsl with a 3 to 1 side slopes.

However, according to the approved Facility Plan in the "Construction & Demolition Landfill for Greene County" dated December 1, 1997, the originally approved total capacity is 352,500 cy. The proposed landfill capacity (531,307 cy) will increase 50% more than the originally approved one (352,500 cy), and it is a **substantial permit amendment**. I think we need charge the county permit substantial amendment fee of \$15,000. Since Green County has paid the permit amendment fee of \$9,000 on 11/24/2008, the county needs to pay the remaining balance of \$6,000.
