Re: Permit Amendment Application  
City of Greensboro - White Street Phase III MSWLF  
Guilford County, Permit No. 4112-MSWLF-1997, Document ID No. (DIN) 23639

Dear Mr. Wyrick:

The Division of Waste Management, Solid Waste Section (Section), received your letter of February 5, 2015 (DIN 23638), indicating the process the City of Greensboro (City) will take to complete the permit amendment application submitted in October 2015 (DIN 21984). The action is in response to Section's determination that the facility plan must be revised to be consistent with the use of the landfill as approved by the City Council.

The application cannot be considered complete within the context of North Carolina General Statutes (NCGS) §13A-295.8(e) until the revised facility plan is submitted. However, the application and subsequent letter are considered timely and sufficient under NCGS §150B-3 to extend the permit to operate until a final decision on the application is made. Therefore, until the final decision is made, you are authorized to continue operation of the City of Greensboro - White Street Phase III in accordance with your most recent Solid Waste Permit and the Solid Waste Management Rules (15A NCAC 13B).

If you have any questions regarding this matter, please contact me at (919) 707-8257 or by email at [pat.backus@ncdenr.gov](mailto:pat.backus@ncdenr.gov).

Sincerely,

Patricia Backus, P.E., Environmental Engineer
