Also, the City of Greensboro consolidated the Environmental Services under the Field Operations Department. Dale is the director of that department. I think you may already have his contact information, but just in case, here it is again.

Jeff,

I previously asked you to bill Greensboro for a five year permit renewal of their MSWLF permit (41-12) based on 100,000 tons per year or less. It should be for 100,000 tons per year or more. Please bill them for the difference at you earliest convenience.

Thanks,  
Pat
