Dear Gentlemen:

Enclosed you will find a copy of Permit No. 4126-MWP-2014, dated January 2, 2015, DIN 22560. This permit action approves the change in property ownership and the additional information regarding the transfer of medical waste, for Ozone Waste Solutions, Medical Waste Treatment Facility. Make note of the following items;

1. Since there has been a change in the ownership of the property, the permit requires recordation. Enclosed is a certified original of your permit. It is important that the certified original permit be recorded by the Register of Deeds in Guilford County. It should be indexed in the grantor index under the name of the land owner. The certified original should be affixed with the Register's seal, date, book number and page number of recording. A certified original of the permit with the Register's information affixed should then be returned to me at the address at the bottom of this page. The purpose of this recordation to notify future buyers that a solid waste management facility existed on the property, in accordance with North Carolina General Statutes.
2. Read your permit carefully and should you have any questions contact me immediately.
