Dear Mr. Lambert,

The application for Iredell County MSW Landfill Facility's Permit to Operate Phases 5, was submitted to the Division of Waste Management, Solid Waste Section (Section) on your behalf by your consultant, Municipal Engineering Services. It was received on August 29, 2014.

In accordance with GS 130A-295.8(e), the Section has reviewed your application and found it to be complete. A determination of completion means that the application includes all required components but does not mean that the required components provide all the information that is required for the Section to make a decision on the application.
