Re: Landfill Gas Assessment at the Closed Jackson County Landfill (Permit #50-02).

Mr. Parker,

The landfill gas assessment report dated July 24, 2000 and submitted on behalf of the County by the Fletcher Group has been reviewed. The following comments were generated during the review.

Please submit a site map that includes the location of landfill gas trenches in relation to the waste boundaries, gas and water monitoring points. The Section also requests a copy of the consultant's field notes during the landfill gas trench installation as documentation.

Please submit a schedule for the implementation of the recommendations on page 4 of the report. If I can be of assistance please contact me at 919-733-0692, extension 261.

Sincerely,

Mark Poindexter
Environmental Compliance
Solid Waste Section
