PARTICIPANTS:

Kevin Dail; Green Recycling Solutions
 Ray Williams; DENR-Solid Waste

STATUS OF PERMIT:

Active: Permit to Construct (PTC) Construction and Demolition (C&D) Landfill, Phase I issued 17 January 2014; expires 17 January 2019.

PURPOSE OF SITE VISIT:

Partial Facility Compliance Inspection

STATUS OF PAST NOTED VIOLATIONS:

None applicable

OBSERVED VIOLATIONS:

No violations were observed during this Facility Compliance Inspection; please see the ADDITIONAL COMMENTS section below.

ADDITIONAL COMMENTS:

- 1) This Facility is a Construction and Demolition (C&D) waste Landfill.
- 2) This Facility is permitted to receive C&D waste generated in Carteret, Craven, Duplin, Jones, and Onslow Counties.
- 3) This Facility is currently operating in Phase I Cell I.
- 4) This Facility is currently only receiving C&D waste from the Maysville C&D Recycling and Recovery Facility, permit #52-02.
- 5) This Facility does not accept wastes containing asbestos.
- 6) The Facility access road is of all-weather construction and is being well-maintained at this time.
- 7) Erosion control measures were in place and appeared to be functioning properly during this Facility Compliance Inspection.
- 8) Facility monitoring wells were reviewed.
- 9) All monitoring wells reviewed were properly labelled and secured with functioning locks.
- 10) The outside slopes are properly graded and are overall well-maintained with a groundcover sufficient to prevent erosion.
 *Please continue to monitor the cover crop to ensure that it is maintained and suitable to prevent erosion. Any bare areas need to be graded, seeded, and mulched to establish a groundcover suitable to prevent erosion.
- 11) No off-site erosion was observed during this Facility Compliance Inspection.
- 12) A soil berm has been constructed midway across Cell I in order to collect surface waters during rain events and manage

it separate from leachate.

13) Waste disposal activities have commenced.

14) The waste type was reviewed. The waste type being disposed is C&D waste only and no unpermitted wastes were observed during this Facility Compliance Inspection.

15) Soil has been stockpiled in an area adjacent to the landfill for use in cover and grading activities.

16) Permanent, highly visible, edge-of-liner markers delineating the waste disposal limits have been installed as required.

17) The leachate storage tanks have been placed on-site on the concrete pads. The leachate collection system and storage tanks were reviewed. The system appears to be functioning properly and is well maintained at this time.

18) No violations were observed during this Facility Compliance Inspection.

19) *Corrective measures are required as a result of this Facility Compliance Inspection.

Please contact me if you have any questions or concerns regarding this Facility Compliance Inspection report.
