Subject: Permit to Operate 10 Year Renewal – Issuance  
Permit No. 6014-TRANSFER-2009, Queen City Transfer Station  
Mecklenburg County, DIN 22179

Dear Mr. Breeden:

Enclosed you will find a copy of Permit No. 6014-TRANSFER-2009, dated October 27, 2014, DIN 22083. This permit action approves the 10 year permit renewal for the Queen City Transfer Station Facility. Make note of the following items;

1. The Section has no record that the permit for this facility has ever been recorded, therefore this permit requires recordation. Enclosed is a certified original of your permit. It is important that the certified original permit be recorded by the Register of Deeds in Mecklenburg County. It should be indexed in the grantor index under the name of the land owner. The certified original should be affixed with the Register's seal, date, book number and page number of recording. A certified original of the permit with the Register's information affixed should then be returned to me at the address at the bottom of this page. The purpose of this recordation to notify future buyers that a solid waste management facility existed on the property, in accordance with North Carolina General Statutes.
2. Read your permit carefully and should you have any questions contact me immediately.
3. The approved documents related to this permit may be found on the Section's website at <http://portal.ncdenr.org/web/wm/sw>, see the link labeled Documents (Tracker).
4. Copies of this permit, the approved plans, and all records, are required to be maintained by the permittee and made available to the Section upon request during normal business hours.

Should you have any questions regarding this matter you may contact me at (828) 296-4704 or at [larry.frost@ncdenr.gov](mailto:larry.frost@ncdenr.gov).

Sincerely,

Larry Frost, Environmental Engineer  
Permitting Branch, Solid Waste Section  
Division of Waste Management, NCDENR
