Subject: Financial Assurance Cost Estimate  
C&D Landfill, Inc.  
Permit 7407-CDLF-2001 & Permit 7407-CDLF-2009  
Pitt County, Document ID No. 21813

Dear Mr. Bell:

The Division of Waste Management, Solid Waste Section has completed the review of the financial assurance cost estimate presented in the permit to construct application submitted by David Garrett of SCS Engineers (DIN 21812). The estimate included closure and post-closure costs for Phases 1, 2A, and 2B. This letter approves the financial assurance as shown below. This amount of financial assurance must be in place before a permit to operate for Phase 2B can be issued.

|   |             |
|---|-------------|
| Closure – Phases 1,2A, and 2B                     | \$1,425,876 |
| Post-Closure - Phases 1,2A, and 2B                | \$1,119,000 |
| Corrective Action                                 | \$ 0        |
| Potential Assessment and Corrective Action (PACA) | \$1,000,000 |
| TOTAL   | \$3,544,876 |

The current financial assurance requirement was also reviewed. A revised estimate was not provided; therefore, the requirement is based on the previously approved estimate increased for inflation and the minimum PACA amount. This amount of financial assurance must be in place before a permit to construct for Phase 2B and permit to operate for Phases 1 and 2A can be issued.

|                                |             |
|--------------------------------|-------------|
| Closure – Phases 1 and 2A      | \$998,982   |
| Post-Closure - Phases 1 and 2A | \$1,142,270 |
| Corrective Action              | \$ 0        |
| PACA                           | \$1,000,000 |
| TOTAL                          | \$3,141,252 |

Please note that the PACA included is the minimum required. You may be asked to provide an estimate of PACA costs based on your facility to determine if a higher amount is required.
