Currin Brothers LCID Landfill – Sunset Lake Road
Wake County, Permit 92N-LCID-1986, Document Id No. (DIN) 23631

Dear Mr. Currin:

The Division of Waste Management, Solid Waste Section (Section) received a letter requesting a change to your facility's operation plan to accept partially hardened concrete from mix trucks. The request was based on the demonstration of the procedure that was conducted at your LCID landfill in Durham County and the Section's approval for that facility. The request letter was submitted on your behalf by Smith Gardner and included supporting documentation and the proposed addition to your operations plan (DIN 23630).

The Section hereby issues this letter as an approval to the request. Please place a copy of this letter and the request letter in your operating record. The section entitled "Partially Hardened Concrete" should be incorporated into future operation plans submitted to the Section.

If you have any questions regarding this matter, please contact Pat Backus at (919) 707-8257 or by email at pat.backus@ncdenr.gov.

Sincerely,

Edward F. Mussler, III, P.E., Permitting Branch Supervisor
Division of Waste Management, NCDENR
