Hi Joan-

I reviewed the Landfill Gas Monitoring Plan and the proposed landfill gas monitoring well locations will sufficiently monitor potential migration of landfill gas. You may proceed as proposed in the plan.

Christine

No worries. I just want to make sure we can get it on the schedule in their timeframe.

Hi Joan-

I apologize-I must have let that one slide to the bottom of the stack. I will have it reviewed by tomorrow.

Christine -

I just wanted to follow up on your review of the Landfill Gas Monitoring Plan for Warren County. I've attached a copy in case you need it. The County will need to install the proposed wells before June 30th, since the money is in this year's budget. Please let me know if you have any questions or need any additional information.

Thanks.

Christine –

Attached please find a landfill gas monitoring plan for the Warren County Landfill facility (permit # 93-01). Please let me know if you have any questions or need any additional information.

Thanks and have a great holiday!
