Dear Mr. Boyette,

When Hurricane Isabel hit our County (Washington) it placed a large demand on our C & D section of the landfill. The demand is causing us to look for more space. Our C & D section borders a section that had originally been set aside for tires, however we now recycle the tires out of the landfill and no longer use that section for tire disposal. I'm requesting that you allow us to use that section for C & D. Your assistance is greatly appreciated.

Thank you,

Grady Hassell
